

To the residents of Yosemite Lakes Park;

I am Bryan Smith, and have lived in Yosemite Lakes Park since December 15, 1992, a total of 16 years. I want to be a director for YLOA in order to continue the progress now being made to enrich the values of our properties, and the quality of life in YLP. I am a willing listener to concerns relating to issues here in the park. I have no hidden agendas.

By committing myself, and by association my family, to candidacy on the board of directors, I am in effect saying that I will spend whatever time is necessary to do the job. As a retiree, time is an asset I have plenty of.

I will bring to the board position the skills of an educator with 2 degrees, and 32 years in the classroom, and the experience that comes from 20 plus years on the board of directors of my professional organization. The belief that YLP is one of the finest places to live in the state of California is my driving force. I thank you for taking the time to read this, and would appreciate your support.
